It's flexible and fast

CLICK2PAY functions as a digital wallet. It enables your clients to settle payments fast and easily, whenever and wherever.

Multiple methods for transferring money in and out of accounts provides the greatest flexibility on the internet, for both you and your client.

CLICK2PAY is a truly international payment solution, offering a multitude of languages and currency options, hence overcoming geographical barriers and local restrictions.

IT IS FLEXIBLE

CLICK2PAY is the most flexible payment service on the internet. A CLICK2PAY account provides your clients with a variety of deposit and withdrawal options. Give your clients the chance to settle payments their way.

IT IS ACCESSIBLE

A CLICK2PAY account is accessible at any time. Your clients simply log-in to their CLICK2PAY account whenever they desire, regardless of office-hours for banks and post offices. CLICK2PAY is the realtime payment solution tailored for online business.

IT IS EASY TO USE

After signing up, the CLICK2PAY account can be used immediately. With CLICK2PAY, it only takes a couple of clicks to settle a payment. Your clients can easily view and manage their CLICK2PAY transactions in their secure online account area.

IT IS INTERNATIONAL

CLICK2PAY is truly international. Your clients use the currency of their choice for their monetary transactions and avoid stressful exchange procedures. Multi-lingual options are offered to respect cultural diversity.

It's entirely modular

It's the way to pay

DESIGN IT YOUR WAY

CLICK2PAY's interface is entirely modular and ready to suit your needs. We have developed the possibility to integrate into any environment, or design and co-brand our interface as necessary. CLICK2PAY means much more than convenient payment options.

KNOW YOUR CLIENTS

CLICK2PAY is the basis with which to foster excellent client relations. CLICK2PAY monitors the client's lifecycle and provides you with significant customer data to drive your business.

WE TAKE THE RISK

With CLICK2PAY, you minimize your business risks. A clear and detailed report system provides information about the payment pattern of each client. Personally tailored accounts with varying spending limits and deposit methods reduce further risk. CLICK2PAY is also prepared to provide a full payment guarantee. A scalable pricing model allows you to shift cost for payment (and inherent risk) flexibly, the way you deem appropriate for your business model.

eCOMMERCE TO iGAMING

The CLICK2PAY online payment service helps you reach new clients, 24/7, all over the world. But CLICK2PAY is more. From co-branding, common events, to shared advertisement campaigns, CLICK2PAY is your ideal partner to win the competition.
